FAHCS Advocates for Florida Providers and Patients in Tallahassee

Forty FAHCS Members Advocate with Legislators Proving the Value of Home Care

The Florida Alliance of Home Care Services (FAHCS) gathered once again in Tallahassee with members of the Association and met with several Members of the House and Senate to build support for legislation to protect providers and ensure patient access to quality home-based care. The group numbering nearly 40 providers visited 20+ Legislative Offices in less than two days. The group continues to push for legislation to ensure that MCOs operating in Florida reimburse HME suppliers at no less than 100% of the state's Medicaid fee schedule and other industry policy priorities.

About FAHCS:

FAHCS, led by a board of industry experts, maintains a high standard of advocacy. Established in January 2009, we fight to protect and preserve the integrity of our industry as providers and the beneficiaries we serve. We are working with providers and government agencies to enhance the industry.
